REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Strafford:

The schools at present are organized as follows:

School	Grades	Teacher	Pupils
Center	1-2	Mrs. Flora V. Wotton	36
Bow Lake	3-4	Mrs. Martha Z. Bennett	27
Crown Point	7-8	Mrs. Hattie M. Foss	24
Music		Mrs. Sadie L. Merriam	
Physical Education		Mrs. Ruth V. Holloway	
Total			87

At Austin-Cate Academy are 20 Strafford pupils in grades 9-12 and 23 in grades 7 and 8. As the old "legal rate" of high school tuition at the state average cost of instruction alone is no longer deemed sufficient for receiving high schools to charge sending districts, most such schools are making drastic increases, approaching the new "legal rate" or cost of all current expense per pupil. There is some feeling that an adjustment should be made on the contract rate for the current year. The old or contract rate is \$186.17, although at the time the budget was made last year, it was expected to be about \$210.00. The new "legal rate" for the current year (in the absence of a contract) would be \$252.04.

At the district meeting a year ago, under an article included by request, \$5,000.00 was made available for schoolhouse repairs, of which \$4,000.00 was authorized to be borrowed. From this fund, all three schoolhouses have been improved. The Crown Point schoolhouse was enlarged, a new entrance constructed, the old shed removed, and a new septic toilet installed. At the Center School, the old shed was removed, making that corner of the classroom sunnier, and a new shed constructed on the north side. Septic toilets were installed here also, and an oil heater provided. All schoolhouses were painted inside, some refinishing of furniture was done, and some insulating. The Bow Lake schoolhouse already had septic toilets.

The new state aid formula, as prepared by the State Board of Education at the behest of the Legislature, provides for equalization aid amounting to the difference between a Foundation Program of what districts in general should be required to provide by way of schools (calculated at \$175 per elementary pupil and \$225 per high school pupil) and the local "Fair Share" which districts in general should be required to contribute (calculated at 18 mills on \$1 of adjusted equalized valuation of the district). Although this particular plan gives Strafford somewhat less state aid than received for the last two years, the formula itself on the whole is undoubtedly better for the state as a whole.

The work of the school nurse, Miss Myrtle Fletcher, has been carried on with the usual routine and special examinations, home reports and visits, referrals for diagnosis and remedial medical treatment, looking out for contagious disease outbreaks, and hygienic suggestions.

The Mothers' Clubs have been very generous in their interest and contribution to the schools. There is no question but what since the consolidation of grades, the citizens have come to think of all the schools in town as their own, instead of just the one in their own locality.

Respectfully submitted,

CHESTER W. DOE,
Superintendent of Schools.
